

MULTIPLEX | Jump Start

Scholarship

Our Scholarship

Multiplex is committed to increasing women in construction by encouraging more women to consider a career in our industry, and supporting those that do to learn and grow.

The Multiplex Jump Start Scholarship for Women in Construction provides first-hand experience and support for young women pursuing a career in construction, to further their learning and jump start their careers.

We award several scholarships a year in NSW and ACT.

Who can apply?

The scholarship is available to Jump Start Alumni as well as students that attend or have attended a school that is participating or has participated in a Jump Start program for trade or tertiary pathways.

Interested?

Email jumpstartNSW@multiplex.global to receive your application pack and information about our application process. Applications open from February to March each year.

The scholarship includes:

- Financial assistance.
- One-on-one mentoring with a Multiplex female employee who has studied a construction or construction related degree.
- Two paid casual work experience placements per year during the first and second year of enrolment in an undergraduate construction or construction related degree.
- A permanent Cadet role within the Multiplex NSW/ACT Graduate & Cadet Program commencing in the penultimate or final year of an undergraduate construction or construction related degree.

To be eligible, applicants must meet the following criteria:

- Identify as female.
- Be an Australian or New Zealand citizen or hold permanent Residency status within Australia.
- Be enrolled in an undergraduate degree that relates to the built environment (e.g. Construction Project, Management, Engineering, Quantity Surveying, Cost Planning, Architecture, Design or another related degree); or
- Received an ATAR score at the time of application and be able to demonstrate proof of enrolment in undergraduate construction or construction related degree.
- Reside in NSW or ACT.
